

**Pointe General Contractors** offers a broad range of experience in multi-story building. Whether you need design/build, new construction or remodeling services, **we understand** the intricacies of combining a resilient internal structure with attention to detail of the exterior aesthetics of each project.

**Our team** will be there every step of the way to build your project to meet building, fire, handicap access and any industry specific requirements while staying **on time and within budget**.

Multi-Story Building
